MP 500 MODEL 10 PASSENGERS

The best way to move up to 10 passengers.

This fully customizable vehicle is designed for moving large groups quickly, safely and comfortably. It can efficiently pull two tram trailers in all sorts of conditions and climb hills with ease. Its well-balanced design and short turning radius ensure superior maneuverability with responsive steering and braking. Its light-touch accelerator means a smoother ride, while its industrial batteries and cell equalization converter mean more trips per charge. Available in unlimited configurations, including forward-facing or back-to-back seating. Optional wheelchair ramp.
